Rules will be promulgated for presentation to the legislature's germane committees during the 2026 Idaho Legislative Session. Current notices and processes reflect the reporting income limit of 85% State Median Income, no additional changes will be needed if rules are adopted.	07/01/2026

EQUAL ACCESS:AFFORDABILITY

Reason(s) for non-compliance:

- The Lead Agency does not limit all family co-payments to seven percent or less of family income, as required by 98.45(l)(3). (Plan Question 3.1.1a). Please note the Lead Agency has an approved waiver for this requirement through August 1, 2026.

The report will be published as an appendix to the 2024 Idaho Local Market Rate Report.	12/31/2025

EQUAL ACCESS:PAYMENT PRACTICES

Reason(s) for non-compliance:

- The Lead Agency does not pay all provider types prospectively or alternatively does not demonstrate that it is not a generally-accepted practice for all provider types, as required by 98.45(m)(1). (Plan Question 4.4.1a). Please note the Lead Agency has an approved waiver for this requirement through August 1, 2026.

(Plan Question 4.4.1b). Please note the Lead Agency has an approved waiver for this requirement through August 1, 2026.

Overall Target Completion Date: 08/01/2026

Action Step Number	Action Step Description	Target Completion Date
1	Child care staff will submit a White Paper requesting process and automation updates in the Idaho Benefits Eligibility System (IBES) and associated automated financial systems to pay Idaho Child Care Program (ICCP) child care providers prospectively after the first month of eligibility or the first month when services begin, automation updates are not necessary to pay based on enrollment, or the provider's preferred billing practices. These updates will not require policy changes or rule promulgation.	06/30/2025
2	Child care staff will coordinate meetings and seek feedback from child care providers related to prospective payments and enrollment based billing/payments and the best policies and processes to prevent fraud, waste, and abuse.	12/31/2025
3	Child care staff will work with Process Engineers and Automation Liaisons to develop updates to the IBES rules engine and benefit process manual and coordinate the timeline for automation development, testing, and implementation of prospective ICCP after the first month of eligibility or the first month when services begin. System updates do not appear to be necessary to pay based on enrollment, or the provider's preferred payment practices.	08/01/2026
4	Child care staff will coordinate with Child Care Resource Centers and training staff to develop updated information and tools to assist providers with accurate record keeping and timely reporting of ICCP overpayments associate to prospective payments, or payments made based on enrollment after attendance has failed to begin or permanently ceased.	08/01/2026

The ICCP Provider Orientation will also be updated to reflect allowable billing based on enrollment or the provider's preferred billing practices. At this time, these process changes do not appear to require any policy or automation changes as most ICCP participating providers are billing and receiving payments based on enrollment.	08/01/2026

HEALTH AND SAFETY:INSPECTION OF IN-HOME CARE

Reason(s) for non-compliance:

- The Lead Agency's annual monitoring of license exempt in-home care does not meet CCDF requirements as concerns identified during inspections are not cited and enforced, as required by 98.42(b)(2)(iv)(B). (Plan Question 5.5.3a)

Overall Target Completion Date: 12/31/2025

Action Step Number	Action Step Description	Target Completion Date
1	Provider Management Manual Update- Contract managers at Central District Health will develop an updated Provider Management Manual to detail the process for inspecting license exempt in-home child care providers. At this time, we do not believe these updates will require policy changes or rule promulgation.	12/31/2025

EQUAL ACCESS:PAYMENT RATES

Reason(s) for non-compliance:

- The Lead Agency does not sufficiently address the methodology used to complete the narrow cost analysis or estimated cost of care, the variations in analysis, or the assumptions and data included in the methodology, as required by 98.45(f)(1)(ii). (Plan Questions 4.2.2a, 4.2.2b, and 4.2.2c)
- The Lead Agency's payment rates for infants in center-based care, preschoolers in center-based care, and preschoolers in family child care homes are not sufficient to ensure equal access, as required by 98.45(a). (Plan Question 4.3.2a)

Overall Target Completion Date: 07/01/2026

Action Step Number	Action Step Description	Target Completion Date
1	Child care staff will coordinate with the Self Reliance information/data team to add an appendix to the 2024 Local Market Rate study to better address the methodology used to complete the narrow cost analysis and estimated cost of care including the the variations in analysis and	12/31/2025

	the assumptions and data included in the methodology.	
2	Using the results of the 2024 Local Market Rate study, Idaho Child care staff will work with Automation Liaisons and the Self Reliance Communications team to coordinate updates to the IBES rules engine and Idaho Child Care Program (ICCP) webpage with updated Local Market Rates set at the 65th percentile of the most recent study. Staff will complete automation development, testing, and implementation of the updated Local Market Rates to sufficiently ensure equal access to child care for ICCP participating families.	07/01/2025
3	Child care staff will work with Process Engineers and Automation Liaisons to develop a waitlist for families applying to participate with the Idaho Child Care Program. Processes and automation of a waitlist requires updates to the IBES rules engine and benefit process manual. Automation liaisons and process engineers will coordinate the timeline for automation development, testing, and implementation of an ICCP waitlist.	07/01/2025
4	Child care staff will coordinate review of vulnerable populations not subject to a subsidy waitlist with the Idaho Child Care Advisory Panel.	02/01/2025
5	Once the design is complete, and the process is detailed for the process manual, IDHW leadership will route the processes and policies associated to an ICCP waitlist for legal review to determine if rule promulgation is required for the Idaho Administrative Code or if existing policies fully support the implementation of waitlist. If necessary, IDHW child care program staff in partnership with the IDHW Legislative and Regulatory Affairs Office will coordinate an update to the Idaho Administrative Code (IDAPA) to support the implementation of an ICCP waitlist. If needed, rules will be promulgated for presentation to the legislature's germane committees during the 2026 Idaho Legislative Session.	07/01/2026

- The Lead Agency monitoring and inspection reports do not contain all the required elements for license-exempt in-home care providers, including a minimum of three years of reports when available, and any corrective action taken, as required by 98.33(a)(4). (Plan Question 5.5.4b)

Overall Target Completion Date: 07/01/2026

Action Step Number	Action Step Description	Target Completion Date
1	Idaho child care staff will participate in requested technical assistance related to posting monitoring and inspection reports for license exempt, in-home child care.	12/31/2025
2	After developing an understanding of allowable options, Idaho child care staff will develop a process for publication of license exempt, in-home child care inspections while continuing to protect the personally identifiable information for children and families accessing subsidies. No policy changes are needed to implement this updated process.	07/01/2026

EQUAL ACCESS:PROVIDER OPTIONS FOR PARENTS

Reason(s) for non-compliance:

- The Lead Agency does not provide grants or contracts for direct services for infants and toddlers, for children in underserved geographic areas, and for children with disabilities, as required by 98.30(b)(1). 3	Automation- Child care staff will submit a White Paper requesting automation updates in the Idaho Benefits Eligibility System (IBES) to calculate, determine, and document a child's eligibility for a contracted slot and prevent duplication of eligibility with the Idaho Child Care Program. This update will not require policy changes or rule promulgation. Child care staff will work with Process Engineers and Automation Liaisons to develop updates to the IBES rules engine and benefit process manual and coordinate the timeline for automation development, testing, and implementation of eligibility determinations for contracted slots and prevent duplication of eligibility with the Idaho Child Care Program.	06/30/2026
4	Monitoring- Child care staff will work with the contacts monitoring team to develop tools and resources to ensure financial accountability and	08/01/2026

	quality programming for children accessing contracted child care slots.

HEALTH AND SAFETY:PREVENTION AND RESPONSE TO EMERGENCIES FROM FOOD AND ALLERGIC REACTIONS

Reason(s) for non-compliance:

- The Lead Agency does not require an annual unannounced inspection for licensed centers or licensed family child care providers or an annual inspection for license-exempt family child care providers for compliance with a standard for prevention and response to emergencies from food and allergic reactions, as required by 98.42(b)(2)(i)(B). All health and safety inspections for licensed and subsidy participating child care providers include this criteria.	07/17/2024

2	Idaho Administration Code was updated to require child care providers to have documented procedures for the prevention of and response to emergencies due to food and allergic reactions (16.06.03.380.19). Additional updates require child care providers to maintain records of any medical conditions or allergies that could affect the care of the child and any medications the child is taking or may be allergic to (16.06.03.201.05).	07/01/2024

Action Step Number	Action Step Description	Target Completion Date
1	IDHW child care program staff in partnership with the IDHW Legislative and Regulatory Affairs Office will coordinate an update to the Idaho Administrative Code (IDAPA) to require background checks after 180 days of separation from childcare employment. Rules will be promulgated for presentation to the legislature's germane committees during the 2026 Idaho Legislative Session.	07/01/2026
2	If the legislature approves the requested updates to IDAPA, and sufficient funding is available, IdahoSTARS staff will coordinate automation development associated to individual users the Idaho child care provider database (RISE). The updates will recognize when users have been separated from childcare employment for more than 180 days and flag the necessity of a new background check when new employment is gained. This is targeted for completion six months after the proposed rules would go into effect.	12/31/2026
