**SLMB and QI-1 Income Limits**

| FPL | 120%  | 135%  |
|-----|-------|-------|
| HH  | SLMB  | QI-1  |
| 1   | 1,596 | 1,796 |
| 2   | 2,164 | 2,435 |

Eligibility for the payment of the Part B by the State for QMB is effective the first of the month following the month that initial eligibility determination is processed. For example, if you determine an individual meets all eligibility requirements for QMB status on August 15<sup>th</sup>, the effective date of eligibility for payment of premiums, deductibles, and co-insurance is September 1. However, in no case are benefits effective prior to January 1, 1989, which is the effective date of this provision. Retroactive eligibility is precluded under this provision.

QI's cannot be otherwise eligible for any other Nebraska Medicaid category. The individual must choose either medically needy/SOC or QI. Retroactive eligibility (up to 3 months prior to application) applies if:

1. The individual met all QI eligibility criteria in the retroactive period; and
2. The retroactive period is no earlier than January 1 of that calendar year.

QIs are eligible if their incomes are at least 120% of the FPL, but less than 135% of the FPL

**Medicare Premium**

| Standard Medicare Part B Premium for 2025 | Standard Medicare Part B Premium for dual eligible 2025 |
|-------------------------------------------|---------------------------------------------------------|
| 185.00                                    | 185.00                                                  |

  

| Standard Medicare Part B Premium Effective 1/1/26 | Standard Medicare Part B Premium for dual eligible Effective 1/1/26 |
|---------------------------------------------------|---------------------------------------------------------------------|
| 202.90                                            | 202.90                                                              |

The premium amount for dual eligibles is assessed for those newly enrolled in Part B in 2021, not receiving social security, being directly billed for Part B, having Part B paid by Nebraska Medicaid, and whose modified adjusted gross income on IRS tax return from 2 years ago is below a certain amount.

Social security can tell the exact amount the individual is responsible for. See Medicare for more information on Part B costs at: <https://www.medicare.gov/your-medicare-costs/part-b-costs/part-b-costs.html>

**Premium Payment Process:**

Nebraska Medicaid Insurance for Workers with Disabilities will work much like TMA Premium Payments.

The client must pay the full premium no later than the 21st of the month following the month for which the payment is designated.
