	Chapter No./Name	4- Economic Stability (ES)
	Part No./Name	O-DISASTER SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM (DSNAP)
	Section No./Name	O-100-DSNAP INTRODUCTION
	Document No./Name	O-110-DSNAP Introduction
	Effective Date	June 1, 2011

In the event of an emergency or a major disaster, the regular Supplemental Nutrition Assistance Program (SNAP) may be unable to handle the increased number of households needing food assistance. These emergencies and disasters include but are not limited to:

- hurricanes,
- tornadoes,
- floods,
- fires,
- snowstorms/ice storms, and
- explosions.

Under certain conditions, the Department of *** Children and Family Services (DCFS) **** can request the Food and Nutrition Service (FNS) to authorize implementation of a short-term Disaster Supplemental Nutrition Assistance Program (DSNAP).

The purpose of the DSNAP is to provide emergency SNAP benefits to disaster victims as effectively and efficiently as possible while protecting program integrity. The DSNAP is more streamlined than the regular SNAP and the DSNAP eligibility criteria are less stringent.
