I. STATEMENT OF POLICY

Child care, transportation, and other supportive services may be provided for FITAP applicants who participate during the FITAP application process. *** Authorizations for payment of * STEP supportive services will be entered in LITE and the payments will be made through the LITE ** payment system.

II. PROCEDURES

There are three situations in which payments for these services may be authorized:

- The FITAP application is eventually certified. In these cases, the authorization for payment of services is entered * in LITE once the active STEP referral is generated upon ** FITAP certification.
- The FITAP application is rejected when there is an existing closed * STEP referral. ** In these cases, * LITE will allow the ** authorization for payment of services *** in * LITE based upon the FITAP application date, even though the referral status is closed. ** ***
- The FITAP application is rejected when there is no existing * STEP referral. In these cases, the ES worker will create a manual STEP referral prior to denying the application and LITE will allow the authorization for payment of services based upon the FITAP application date. LITE will update the manual referral's active status to closed during the normal monthly disenrollment process. **
