1. A person who lives alone.
2. A group of people living together who usually purchase food and prepare meals together.
3. A person or group of people who live with others but usually purchase and prepare food separately from the others. Note: It does not matter who actually purchases and prepares the food, as long as the food is purchased and prepared separately.
4. A person or group of people who live with others but intend to purchase and prepare food separately after certification.
5. A person or group of people who are disabled residents of an authorized group living arrangement and who receive benefits under Title II or Title XVI of the Social Security Act.
6. A narcotic addict or alcoholic, and their children, residing and participating in a drug or alcohol treatment program.

The gross income of * the ** other household members (excluding * the ** elderly person and * his or her ** spouse) cannot exceed 165% of the * poverty ** limit for the number of * the ** other people.
