I. STATEMENT OF POLICY

C-651-FITAP - * PO DATE ELIGIBILITY BEGINS

DETERMINE ELIGIBILITY FOR THE MONTH OF APPLICATION AND SUBSEQUENT MONTHS.

C-652-FITAP - PO PRORATION

BENEFITS FOR THE INITIAL MONTH OF CERTIFICATION ARE PRORATED FROM THE DATE OF APPLICATION.

THE INITIAL MONTH IS THE FIRST MONTH A HOUSEHOLD IS ELIGIBLE FOLLOWING ANY PERIOD DURING WHICH THE HOUSEHOLD WAS NOT CERTIFIED.

DO NOT AUTHORIZE PRORATED BENEFITS OF LESS THAN \$10. ELIGIBILITY BEGINS THE INITIAL MONTH EVEN IF BENEFITS FOR THE INITIAL MONTH PRORATE TO LESS THAN \$10.

C-652-1-FITAP - PO Calculating the Prorated Amount

In the month of application, benefits are prorated from the date of application. The assistance unit's initial month, grant amount is the prorated budgetary deficit rounded down to the nearest dollar. (LITE will drop off any cents.)**

Refer to *** policy [C-920-FITAP](#).

C-653-FITAP - * PO RESERVED

C-654-FITAP - PO LENGTH OF CERTIFICATION

AT THE EXPIRATION OF THE CERTIFICATION PERIOD, ENTITLEMENT TO BENEFITS ENDS AND THE CLIENT MUST REAPPLY AND BE DETERMINED ELIGIBLE IN ORDER TO CONTINUE RECEIVING BENEFITS. THE CERTIFICATION PERIOD BEGINS WITH THE EFFECTIVE MONTH OF THE CERTIFICATION.

Process a complete redetermination every twelve months.

LITE will determine the date that the first redetermination is due by counting twelve months beginning with the effective month of certification, unless a shorter certification period is required.

EXCEPTIONS:

- **Pregnant Woman Case (No Other Children) **** - The redetermination date must be no later than the month following the expected date of delivery. *** ***A redetermination is not required when adding the newborn. ****

- *** 24 Month Certifications** - Certain cases may be certified for a period not to exceed 24 months. The following conditions must be met in order to assign a 24-month period of eligibility:

- the payee is not a parent, and
- there is no qualified relative in the income and/or assistance unit.

If all of the above conditions are met, a complete redetermination must be processed every 24 months. Determine the date that the first redetermination is due by counting 24 months beginning with the effective month of certification.

- The redetermination date may be less than the maximum allowable for the case in order for the FITAP redetermination to occur in the same month that the next SNAP redetermination is due.

Refer to [C-750-SNAP/FITAP](#).

II. PROCEDURES

C-651-FITAP - PR DATE ELIGIBILITY BEGINS

There are no procedures for this policy.

C-652-FITAP – PR PRORATION

There are no procedures for this policy.

C-652-1-FITAP – PR Calculating the Prorated Amount

Refer to [C-920-FITAP](#) and [J-0210-1 FITAP-KCSP-SNAP](#) Initial Months Benefits Proration Chart for calculating the prorated amount.

C-653-FITAP – PR Reserved

C-654-FITAP– PR LENGTH OF CERTIFICATION

FITAP and SNAP certification periods should coincide/align when possible. Certification periods are established by LITE.

- Alignment or modification of a certification period will occur only at Intake (when a program is added or reopened) and at Redetermination.
- SNAP will never be realigned to other programs on the case. FITAP certification periods will be aligned to SNAP's certification period and KCSP's certification period to FITAP.

- FITAP can have a maximum certification period of 15 months. If alignment causes the FITAP certification period to extend beyond 15 months, alignment will not occur.
- KCSP has a minimum certification period of four months and a maximum certification period of 12 months. If alignment causes the KCSP certification period to extend beyond 12 months, alignment will not occur.

LITE may shorten a FITAP certification period in some instances to match the SNAP certification period so that the FITAP redetermination will occur in the same month that the next SNAP redetermination is due.

Pregnant Woman Case (No Other Children)

- If 'Yes' is selected to the Pregnancy question on the *Household Individuals – Questions* screen, the *Pregnancy – Details* screen displays. LITE uses these screens to certify a Pregnant Woman Only household Certification for FITAP.
- The Pregnancy screen allows the user to identify if any member of the household who is/was pregnant. The user can view, add, update, or delete an individual's pregnancy information.
- Complete the sections of the *Pregnancy-Details* screen.

Person Information

- Select an appropriate option from the '*Name*' drop-down list.

NOTE: Sometimes when users navigate through question screens, they may see the drop down value '*Yes-Historical*'.

Example: A client had a pregnancy record when her application was initially registered. One year later, the client is no longer pregnant, and the pregnancy question shows '*Yes-Historical*'. Users should not select this drop-down when entering new information, since LITE updates this '*Yes-Historical*' drop-down automatically when a record is ended and the category (i.e., Pregnancy) no longer has an active record.

- Person ID displays based on the '*Name*' selected.

Pregnancy Dates

- Start/Change Date displays the application date. To change the date, enter the new Start/Change Date or click the Calendar icon to search for and select the Start/Change Date.
- End Date remains blank until a change is reported.
- Reported On displays the current date. To change the date, enter the new Reported On Date or click the Calendar icon to search for and select the Reported On Date.

Age Information

- Date of Birth displays the Date of Birth of the individual selected.
- Age displays the Age of the individual selected.

Pregnancy Details

- Enter the Due Date or click the Calendar icon to search for and select the Due Date.
- Calculated Date of Conception displays based on the Due Date entered.
- Calculated Begin Date of Third Trimester displays based on the Due Date entered.
- Select an appropriate option from the Pregnancy Verification.

These screens are used by LITE to determine eligibility for a *Pregnant Woman Only* household and to assign her FITAP Work Registration Code.

A redetermination is not required when adding the newborn. LITE sets and updates the redetermination date for the program, which is advanced for up to twelve months beginning with the effective month of certification (the month she originally applied and was certified eligible, no earlier than the beginning of her 3rd trimester).

24 Month Certifications

At the midpoint of a 24-month certification period, immunization requirements must be reviewed for compliance.
