

**DEPARTMENT
POLICY****Family Independence Program (FIP), State Disability Assistance (SDA), Refugee Cash Assistance (RCA), Food Assistance (FAP)**

A person in a federal, state, or local correctional facility for more than 30 days is not eligible to receive FIP, SDA, RCA or FAP benefits.

Child Development and Care (CDC)

Close CDC if the **only** parent/substitute parent on the CDC case leaves the household (no longer resides with the authorized child) due to incarceration or other reason; see BAM 220, *CDC EDG closure reasons*.

Medicaid (MA)

A person can remain eligible for MA during a period of incarceration. Coverage is limited to inpatient hospital services only; see BEM 265.

**INCARCERATION
MATCH DOC****All Programs**

The automated *Incarceration Match* is a daily match between Department of Corrections (DOC) and Bridges. This match runs for all individuals who are active for any program whose current living arrangement is not prison.

If a valid match is found, the interface will update living arrangement of the individual to prison with a prison type of Prison State and create a mass update trigger for all cases where the client is active. Eligibility will then be re-determined for all programs on the cases where the client is active.

FIP, SDA, RCA and FAP

In addition to updating the living arrangement and prison type, a MDHHS- 6017, Michigan Department of Corrections (MDOC) Incarceration Match Client Notice, will be sent to the group to verify if the group member is in a state prison, before member removal or case closure can be completed, if appropriate. FIP, SDA, RCA and

FAP will pend for 10 days. Update the living arrangement page if needed and run EDBC. Eligibility will then be re-determined for FIP, SDA, RCA and FAP.

Failure to Respond to Notice

FIP, SDA and RCA

If the verification is not returned, the system will create a mass update trigger for all cases where the client is active. Eligibility will then be re-determined for FIP, SDA and RCA.

FAP Only

Change reporting FAP groups that do not respond to the State Incarceration Match notice, will have their case closed following negative action rules.

If a simplified reporting group does not respond to the State Incarceration Match notice by the due date listed on the notice, the individual on the match will be removed from the group following negative action rules.

- If the individual on the State Incarceration Match is the only adult in the group, FAP will close.
- If the individual on the State Incarceration Match is the head of household (HOH), the specialist will designate another adult in the FAP group as the HOH.
- If the individual on the State Incarceration Match is the only individual in the Group, FAP will close.

Bad Match Process

A bad match may occasionally occur. If a bad match is suspected a collateral contact with the client must be completed to verify this client is not in prison.

An authorized person from the local office is to call in a help desk ticket indicating a bad incarceration match with the following information:

- Client name.

- Case number.
- Client ID number.
- Program(s) effected.
- The release date from prison if the client was incarcerated.
- The month(s) effected.

The ticket will be assigned and flagged as a bad match and when the report runs for the following month the client's programs will not be affected.

SSA PRISONER MATCH

The quarterly prisoner match between the Social Security Administration and Bridges runs for individuals 16 years and older who are pending or active. When a match is found, a task and reminder will be sent to the specialist. Specialists are expected to act on this within 12 days. Be sure to update the living arrangement type to prison and the prison type to Prison SSA, if necessary and run EDBC. If no action is taken within 10 days, it will be escalated to the supervisor.

FIP, SDA, RCA and FAP

In addition to updating the living arrangement type and prison type, a MDHHS- 5909, Social Security Administration (SSA) Prisoner Match Client Notice, must be sent to the group to verify if the group member is in prison, before member removal or case closure can be completed, if appropriate. FIP, SDA, RCA and FAP will pend for 10 days. A task and reminder will be sent to the specialist after the 10 days. Update the living arrangement page if needed and run EDBC. Eligibility will then be re-determined for FIP, SDA, RCA and FAP.

Failure to respond to notice

FAP Only

Change reporting FAP groups that do not respond to the SSA Prisoner Match notice, will have their case closed following negative action rules.

If a simplified reporting group does not respond to the SSA Prisoner Match notice by the due date listed on the notice, the individual on the match will be removed from the group following negative action rules.

- If the individual on the SSA Prisoner Match is the only adult in the group, FAP will close.
- If the individual on the SSA Prisoner Match is the head of household (HOH), the specialist will designate another adult in the FAP group as the HOH.
- If the individual on the SSA Prisoner Match is the only individual in the Group, FAP will close.

LOCAL CORRECTIONAL FACILITY

Follow current county procedures for verifying an individual in a local facility using the DHS-48, Verification of Imprisonment, which is a manually generated Bridges form.

Local Facility Verification Returned

When the DHS-48 is returned from the local facility indicating the incarcerated individual is released or on parole, no further action is taken. If the DHS-48 is returned and the individual is still incarcerated change the living arrangement type to jail.

Do not recoup FAP benefits for simplified reporters unless the department failed to take timely action.

Local Facility Verification Not Returned

If the DHS-48 is not returned by the local facility, verify the whereabouts of the incarcerated individual. Verify the recipient's whereabouts by calling the facility **or** contact the head of household and ask for verification of the prisoner's whereabouts.
