

DEPARTMENT POLICY

The Michigan Department of Health and Human Services (MDHHS) is required to match all Food Assistance Program (FAP) recipients and applicants with the federal Electronic Disqualified Recipient system (eDRS) at application and when a member is added to an existing case. Information provided with MDHHS applications (MDHHS-1010 and MDHHS-1171) informs individuals/clients of the data exchange process.

OVERVIEW

FAP Only

This data exchange assists in the identification of potential recipients that may have an intentional program violation (IPV) in another state.

Process

The eDRS match must be completed by checking consolidated inquiry at application and when a member is added to an existing case. When a specialist completes a consolidated inquiry for an individual, the system will automatically run an eDRS match to check for any IPVs the individual/client may have in another state.

If there is a match with the individual/client, Yes will be displayed on the consolidated inquiry search page under FNS eDRS. The specialist must send an email to MDHHS-OutState-IPV-Verify@michigan.gov to verify the IPV with the reported **other state**. The FAP application or the member add cannot be certified until the IPV is verified by the Office of Inspector General (OIG) Overpayment Establishment Analyst (OEA). To meet the standard of promptness (SOP), email an eDRS match for verification with the **other state** immediately.

The OIG OEA will update the IPV information in Bridges, if necessary.

Exception: If FNS eDRS on the consolidated inquiry search page indicates Yes, and the case is expedited FAP, the case can be certified without waiting for the decision from the OIG OEA. The specialist must still email the eDRS match for verification with the **other state**. If the OIG OEA determines there is an IPV, the OIG OEA will enter the IPV information in Bridges and run eligibility to determine if there is an overpayment. If it is determined that the

overpayment is not the result of an IPV, OIG will send the overpayment to the Overpayment Establishment Section (OES).

See [Bridges Administrative Manual \(BAM\) 720](#), Intentional Program Violation, for further information on IPV's.
