I. STATEMENT OF POLICY

The allocation of income is the assignment of countable income of the caretaker relative and/or legal spouse to meet the needs of:

- the caretaker relative and/or legal spouse living in the home when not included due to the citizenship requirement,
- the caretaker relative's child or stepchild who is living in the home when not included due to the citizenship requirement, or
- persons living outside the home who the caretaker relative or legal spouse is under court order to support.

II. PROCEDURES

* Court-Ordered Child Support Expenses Paid

The amount of income to be allocated for persons not living in the home is the amount actually paid up to the amount of the court order. Enter the child support court-ordered amount and expense actually paid on the Expense Screen in LITE.

Required Member – Ineligible Alien

The amount of countable income belonging to the Ineligible Alien must be budgeted and used in consideration of the income eligibility of the Assistance Unit (AU).

However, a portion of the countable income amount is reserved for the Ineligible Alien to use for their own needs. The portion reserved is equal to the flat grant amount for one person. The remaining countable income is allocated to meet the needs of members included in the AU and included in the FITAP budget.

All countable income belonging to an ineligible alien must be entered in LITE. LITE will automatically calculate the allocation of need for the ineligible alien and budget the remaining countable income to determine income eligibility for the AU.

Note: Ineligible Aliens are not eligible to receive the Earned Income Deductions – Child Care Deduction and the \$900 Time-Limited Deduction. **
