Food Assistance Change Transmittal No. 105

TO: Food Assistance Certification Handbook Holders

FROM: Matt Damschroder, Director

SUBJECT: October 1, 2025, Mass Change

Previous Policy: Pursuant to provisions of the Food and Nutrition Act of 2008, the United States Department of Agriculture (USDA), Food and Nutrition Service (FNS) provides States with annual cost-of-living adjustments (COLA) for the Supplemental Nutrition Assistance Program (SNAP). The standard utility allowance, limited utility allowance, single standard utility allowance, single standard telephone allowance, excess shelter deduction, resource standards, maximum monthly SNAP allotments, monthly net income standards (100% of poverty), monthly gross income standards (130% of poverty), and monthly separate assistance group standards for elderly and disabled assistance groups only (165% of poverty) are all subject to change based on the annual adjustments the State receives from FNS.

New policy: The Thrifty Food Plan (TFP), which is developed by the USDA to estimate the cost of a healthy diet across various price points, is used to determine the maximum SNAP allotments. The new SNAP maximum allotments will be effective beginning October 1, 2025.

Additionally, the deduction amounts, and income guidelines have been adjusted and are listed below. All the utility allowances have increased. The following amounts are increasing effective October 1, 2025: the standard deduction; excess shelter deduction; maximum homeless shelter deduction; the minimum benefit allotment and the gross income standards, net income standards, and separate assistance group standards for elderly and disabled assistance groups eligibility standards. The maximum resource standards remain unchanged effective October 1, 2025.

Standard Utility Allowance

\$766

Limited Utility Allowance

\$479

Single Standard Utility Allowance

\$108

Single Telephone Allowance

\$46

5	\$5,177
6	\$5,934
7	\$6,690
8	\$7,446
each additional	+\$757

Implementation: The changes for the deductions and income guidelines will be implemented in

Ohio Benefits via a mass change beginning August 29th at 6:00 p.m. and will run through September 2nd at 6:00 a.m. An exception report will be created for all cases which Ohio Benefits cannot update automatically. The eligibility worker will be required to run the Eligibility Determination/Benefit Calculation (ED/BC), then save and accept the results for those cases to implement these changes. Each assistance group affected by this change will receive a notice with the new benefit amount that they will receive.
