I. STATEMENT OF POLICY

The Kinship Care Subsidy Program (KCSP) provides cash assistance for eligible children who reside with qualified relatives other than parents.

A child may meet the eligibility requirements for both FITAP and KCSP but may only receive assistance in one of these programs for a given month. Although a client may specify the program for which the client is applying (FITAP or KCSP), a request for either is considered a request for any cash assistance for which the family may be eligible. It is the worker's responsibility to determine eligibility and benefit level for both programs. If the client is eligible for both programs, an explanation of the benefits and requirements in each program must be given to the client.

When a child is determined eligible in both programs, the client must choose the program through which she wishes to receive assistance. The case *** notes** must be documented to reflect this choice. A qualified relative may receive both FITAP and KCSP at the same time, but only for different children. A child may not be included in both a FITAP and a KCSP **assistance unit** for the same month.

M-111-KCSP - PO ASSISTANCE UNIT

The child who receives SSI or foster care payments is not eligible for KCSP benefits.

The assistance unit shall include all children in the home for whom the qualified relative receives KCSP. The children are not required to be related to each other. Additionally, there is no requirement that all related children and siblings must be included in the KCSP certification.

M-111-1-KCSP PO KCSP-Eligible Child Included in FITAP Certification

If a KCSP-eligible child is included in a FITAP certification, remove the child from the FITAP certification prior to KCSP certification. Advance **Notice of Decision** to reduce or terminate FITAP benefits is not required if the KCSP grant plus the reduced FITAP grant, if any, will exceed the former FITAP grant amount. In these situations, a concurrent Notice should be sent to the household and the KCSP certification must be effective the month following the last month the child receives FITAP benefits.

If the KCSP qualified relative is also the payee for a FITAP grant, a separate assistance unit is required for KCSP. In these situations, the qualified relative payee will have a Primary Grant for FITAP and a Multiple Grant for KCSP. **

II. PROCEDURES

KCSP Eligibility Ends

Prior to ending cash assistance for any KCSP child at redetermination, simplified reporting, or interim change, a FITAP eligibility determination must be made for that child.

- If KCSP eligibility ends at redetermination or at the simplified report, send a concurrent * **Notice of Decision** to close the KCSP **grant**. If the child is determined eligible for FITAP benefits, certify the FITAP **grant** or add the child to an existing FITAP **grant** effective the month following the last month of receipt of KCSP benefits.
- If KCSP eligibility ends at interim change, send an **advance Notice of Decision** to close the KCSP grant. If the child is determined eligible for FITAP benefits, certify the FITAP **grant** or add the child to an existing FITAP **grant** effective the month following the last month of receipt of KCSP benefits.

The amount of the KCSP subsidy payment is **\$450 **** per eligible child per month.
