	Section No./Name	K-900-LaCAP Cooperation
	Document No./Name	K-910-LaCAP Cooperation Requirements
	Effective Date	May 1, 2021

I. STATEMENT OF POLICY

The household must cooperate in any review of its eligibility, including reviews generated by:

- Reported Changes, or
- As part of a Quality Control (QC) or Federal Quality Control (QC) review.

Clients who fail to cooperate with QC will be referred to the local office in order for the local office to assist in getting the client to cooperate.

If the case is closed for refusal to cooperate with QC, the household may reapply for regular SNAP or LaCAP benefits but will not be determined eligible until the household cooperates with the QC reviewer.

Exceptions:

If a household reapplies after 125 days from the end of the Federal Fiscal Year, the household will not be ineligible because of its prior refusal to cooperate with State QC, but must comply with all eligibility requirements before certification.

If a household reapplies after 9 months from the end of the Federal Fiscal Year, the household will not be ineligible because of its prior refusal to cooperate with Federal QC, but must comply with all eligibility requirements before certification.

II. PROCEDURES

* Quality Control (QC) notifies the local office that a household has refused to cooperate with the QC review process by sending the Quality Control Refusal to Cooperate Notification (QC 9RTC).

A report of non-cooperation received from QC is considered a change that is verified upon receipt. Follow policy in C-1313-SNAP and send advance notice of adverse action informing the household their case will be closed unless they cooperate with QC. The worker must complete the “TO BE COMPLETED BY THE PARISH OFFICE” section of the [QC 9RTC](#) originally sent by QC and return to the QC reviewer the same day the case action is completed. If during the advance notice of adverse action period, the client indicates willingness to cooperate, contact the QC reviewer immediately or before the expiration of the advance notice of adverse action. If the expiration of the advance notice of adverse action period falls on a weekend or holiday, treat the following workday as the expiration day.

QC notifies the local office that a household has failed to cooperate with the QC review process by sending the Quality Control Failure to Cooperate Notification ([QC 9FTC](#)).

Upon receipt of the [QC 9FTC](#), the worker must contact the household by telephone within 5 days, and advise the household that they must cooperate with QC. If the household cannot be reached by telephone, send a Client Contact Letter ([OFS 18C](#)) advising the household to contact the local office within 10 days to discuss cooperating with the QC review process.

- If the worker, speaks to the client or a responsible household member and informs the household of the requirement to cooperate with QC, the worker must complete the “TO BE COMPLETED BY THE PARISH OFFICE” section of the QC 9FTC originally sent by QC. The worker must return the form to the QC reviewer the same day contact is made with the household.
- If the household fails to respond to the OFS 18C request for contact to discuss cooperating with the QC review process, no action is needed. The client’s failure to respond will continue to be considered a failure to cooperate with QC and will not result in case closure.

If QC reports a change in income discovered during the QC review, action should only be taken if the change results in a benefit increase or the income exceeds the gross income limit. Action is not taken if the change would result in decreased benefits. The information is not considered verified upon receipt since additional information would be required.

The worker must enter a case note documenting all activities. **
